The ULTRA-SLIM by PROMAC a mini rack oven with a 15 tray removable trolley, powerful built-in steam generator, elegant design yet robust enough for continuous bake.

Reduced footprint opens up new possibilities for small places, most flexible choice for a diversified bakery assortment.

If desired can be delivered with a fermentation cabinet.

The ULTRA-SLIM is available with gas or electrical heating. Standard electromechanical controls optional with a touchscreen control panel, remote access and control by IOS or Android is optional.
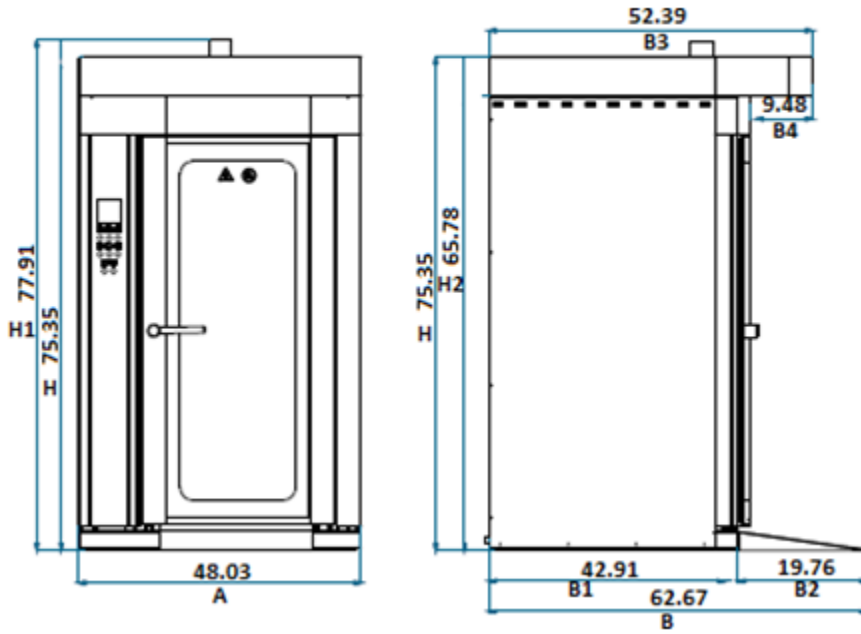

A high capacity fermentation chamber has been developed specially to guarantee an even flow of steam throughout the cabinet. The cabinet has a capacity of 2 trolleys.

Adjustable temperature and humidity ranging from 140°F heat and a relative 99% max humidity.
